Dina's Digs Cottage 6x12

BC GREENHOUSE
BUILDERS LIMITED

GROWING SMARTER IN EVERY SQUARE FOOT

Dina built her Port Moody, BC backyard from scratch, and her greenhouse is the heart of it all.

She starts **90% of her crops** from seed inside, from sugar peas to kale.

Custom-built to fit her compact yard, the space is outfitted with utilities.

A **gathering space too**, where dinner party guests find themselves peeking in to see her growing progress.
